Lance

I am on vacation next week but will start putting together a numbering overview for you that's tailored to South Carolina. I'll get back to you the week of July 5.

For a start, you may want to look at the petition that was filed by NANPA on behalf of the telecommunications providers in South Carolina for relief of the 864 area code. The docket no. is Docket No. 2022-141-C. I believe it is out for comment right now.

Have a good week and we'll be touch soon.

Linda,

Thankyou for your response. Yes, I will be assuming Doug's role at the SCPSC. I am relatively new to telecommunications and my only request is if you provide any information that you may find helpful or relevant to training. As you can imagine, I have a steep learning curve ahead. Thanks in advance.

Regards,

Lance Holt, PE

Good morning Lance

I received this email from Doug Pratt about his retirement so I wanted to introduce myself. I am the regulatory liaison for the North American Numbering Plan Administrator – or NANPA. We handle assignment of telephone number and relief of area codes that are exhausting (such as the SC 864 area code that is in process right now).

Please let me know if you have any questions or would like a tutorial on numbering. Welcome to numbering!
